Be a happy camper at Camp Katur, Yorkshire

17 Aug 2015 Accommodation, camping, England, glamping, UK, Yorkshire by Guest Blogger

There's still time for a camping holiday this summer and this imaginative glampsite in North Yorkshire really will fill you with 'katur' (that's Icelandic for happiness, by the way...)

glamping at Camp Katur, Yorkshire

Camp Katur glamping village is located within 250 acres of a country estate in Bedale, North Yorkshire. 'Katur' embraces the whole ethos of this glampsite and as you wind your way amongst the woodland into the heart of Camp Katur you will be struck by the beautiful setting and the little surprises around every corner.

Accommodation – from 'hobbit pods' to geodomes

The site is home to an array of glamping abodes including woodland hobbit pods; bell tents; tipis; en-suite safari tents; the UK's only clear 360 degree panoramic unidome and (new for 2015) Geodomes.

Facilities and activities

You can make the most of al fresco dining as an outdoor barbecue is available with each accommodation. Or use the communal kitchen, the licensed Orangery Cafe (open weekends and during school holidays only), or for something a little bit different there is the 'Podfather'; a Nordic BBQ cabin where a family or group of friends can enjoy an indoor BBQ in the woods, whatever the weather.

meadows at Camp Katur, Yorkshire

Hammocks are scattered throughout the trees for lazy days, and little ones will have a blast in the toy den hidden in the woods. The centre of the glamping village is dedicated to a large communal campfire complete with musical instruments (get the guitar...!) and (another new addition for the 2015 season) the sixteen foot communal tipi for all the guests.

Camp Katur is set in the Camp Hill Manor Estate in North Yorkshire which boasts an array of activities, including an adventure playground with shelter building, woodland walks and activity trails, segway treks, quad biking, horse riding, cycle tracks, a 200m zip wire and a treetops high rope course. After a fun-filled day, guests can also enjoy the outdoor eco spa that includes a hand crafted wood fired hot tub and sauna made from Siberian spruce.

There really is something for everyone. You can pack your stay full of activities or just relax and enjoy the stunning surroundings, so we recommend that you ditch your smart phone, turn off you tablet and reconnect with the great outdoors! So if you are looking to discover your outdoor happiness, Camp Katur glamping village could be for you.
